

Pet Resume - Bearie

Woof! (Hi!)

My name is Bearie, I am a Maltese Shih-Tzu mix and am 1 year old. I have all my vaccines, I am spayed and I am potty trained. My people friends are always surprised at how quiet I am.

I love playing catch and playing with little kids, especially 4-6 year olds! They are so fun and give me so much attention.

I've grown up in apartments my whole life. I love dog parks and go to the bathroom 3 times a day when my parents take me.

All of my past landlords love me. [Prior Landlord] at [Prior Apartments] has known me since I moved in with my parents at 2 months old. And [Prior Landlord] at [Prior Apartments] is great, I love her daughter and we play together a lot. If you call them to

ask about me or my parents, make sure to tell them that Bearie says hello! Their phone is on my parents' application.

My doctor is Dr. Archinal, he keeps me on flea medicine every month so I never get fleas. I go see him once in a while to say hello, he knows I'm very healthy.
